

A Wet Bay Area Winter Begins

Blue Heron Newsletter • *January 2013*

Dear Friends,

Thank you for your generous support throughout the year.

Your contributions help support our education programs for underserved youth, high school students, and adults and children through our Saturday programs.

All non-profits are feeling the pinch nowadays—so I ask, if you haven't given please give now. We need your support to continue these programs. The recession has significantly affected foundation and major donor gift-giving.

In this new year's issue I would like to thank the following people for their generous donations of time and expertise. Our volunteers make our programs possible: Connie Armitage, Jeanne Crawford, Peter Dillon, Tom Dolan, Victoria & Alexa Evans, Ann Galjour, Angie Geiger, Linda Grant, Judy Harter, Alan Hopkins, Missi Hirt, Bill Milestone, Courtenay Pinder, Megan Prelinger, Peter Shen, and Mike Smylie.

To our interns who have donated their time—leading tours, making videos, and giving interviews—you make our programs possible at Heron's Head Park and Heron Watch in Golden Gate Park: Mina, Cedric, Ingrid and, last but not least, Logan.

To our in-kind contributors, we truly appreciate your generosity: Pro-Image Printing, Fireside Camera, Type & Graphics, and Arizmendi Bakery.

There is still time to contribute to our programs. All donations are tax deductible to the full extent allowed by law.

We wish you a very Happy Holiday and New Year.

Best regards,

Nancy DeStefanis
Executive Director

Time to Tour Heron's Head Park

Nancy DeStefanis, Executive Director, SFNE

This year, 2013, marks our fifth year conducting tours at Heron's Head Park.

Beginning January 12th, high-school interns will lead monthly birding walks in the park and talk about the natural history of these remarkable wetlands.

Interns with high-powered spotting scopes will lead group tours. All participants will receive a checklist to mark birds seen in the park, and children will receive a field journal to color pictures of local birds at home.

The area around the wetlands has been newly renovated. There is now a native garden, picnic tables and barbecue grills, a new parking lot, bike racks, a dog run, and two restrooms.

Every year brings some new birds. Last year it was Clapper Rail juveniles. The year before it was Harlequin Ducks and Eurasian Wigeons. Who knows what species we will find this year? On this page and the next are photos of birds that were spotted during recent intern training sessions.

Please join us on a one-hour-long tour on the following Saturdays: January 12, February 9, and March 9, 2013. Tours start at 10 am, and leave every half hour through 11:30 am.

Volunteer Webmaster Needed for SFNE!

We are looking for a volunteer with HTML and CSS coding skills to upload our monthly pdf newsletter to our web site, and to make site updates as needed, typically requiring one to two hours per month.

We will be happy to provide a recommendation letter for any volunteer who works with us for at least one academic year. Please call or e-mail us for information (see contact information below).

School Volunteers Needed! Please visit www.sfnature.org/get_involved for information. The link to a School Program volunteer application is at the bottom of that page, just above our contact information.

Heron Watch Intern Applications Welcome

High school and undergraduate students may apply for SF Nature Education internships at Heron Watch through Feb. 28, 2013. All training will occur in March, on Saturdays from 10–1 pm. Interns in pairs will lead public birding tours of the Stow Lake area in Golden Gate Park during six Saturdays in April and May.

More information is available at our online [Heron Watch page](#). To download a volunteer application please visit http://www.sfnature.org/get_involved/intern.html.

To learn more about being an intern, see our video [San Francisco Nature Education—Internship Program](#).

Give a Gift that Helps Children Become Environmental Stewards!

This holiday season, why not give environmentally-conscious friends and family a membership in San Francisco Nature Education? It's a gift they can enjoy all year long. For a member, please consider making an additional donation in his or her name.

Use the button below to become a member, give a membership, or donate online.
